Angelique International Limited strives to make an impact that touches every bit of life. Since 1996, it has been meeting the challenges of developing economies through its 600+ Technical manpower, 32 + international offices and in house design engineering capability. With over two decades of expertise, Angelique continues to deliver high quality complete project solutions in multiple areas that lead towards a future driven world and touch every bit of life

The role of Engineering Procurement Construction (EPC) companies in national economic development is unprecedented. Both the public and private sectors rely on EPC companies to overcome complexities of construction of diversified nature of projects, right from concept to completion. Angelique International Limited is one such EPC company which is serving the nation for the past two decades.

Angelique International Limited is an ISO certified Project Engineering Procurement & Construction (EPC) Company. The company has its head office in Noida. The company was established in 1996. Within a short span of just two decades, Angelique International has grown into a giant EPC Company with a peak annual turnover nearing \$250 million. The

company undertakes turnkey projects in power, water, irrigation and agriculture, social infrastructure as well as industrial projects in the international markets of Africa, Middle East, South & South East Asia, Latin America & Caribbean. The projects on total turnkey basis include civil construction, feasibility studies, design, engineering, procurement, supply, installation, training & trial runs.

Angelique International's employee strength includes more than 600 technical staff and has more than 20 international offices. The company conforms to OHSAS 18001:2007 Health & Safety Management System, ISO 14001:2004 Environment Management System and ISO 9001:2008 Quality Management System for Engineering Procurement & Construction (EPC) related project.

Serving the Nations

The company has been serving the developing economies in following core sectors:-

- Power – Generation, Transmission, Distribution & Sub Stations, Rural Electrification, Renewable Energy viz. Solar & Hydropower
- Water – Storage & Supply, Water & Waste Water Treatment, Water Pumping Stations, Public and Drinking Water Supply Projects
- Irrigation & Agriculture – Irrigation Projects , Farm Equipment, Agro Processing Projects, Manufacturing plants- Tractor
- Industrial Projects - Cotton Textile mills, Oil & Gas, Industrial Parks & Workshops, Telecom & IT
- Social Infrastructure – Health, Education, Housing, Transport

The company's power sector business accounts for over 60 percent of Angelique International's business and Africa accounts for more than 2/3rd of the projects set up so far.

In the last 10 years, some of the salient signature projects of Angelique International are:

- Hydropower Projects in Afghanistan, Rwanda, Burundi, DR Congo and Lao PDR.
- HV/ EHV Power Transmission Lines in Cote d'Ivoire, Mali, Lao PDR and Nepal.
- Grid & Solar based Rural Electrification in Senegal, Sierra Leone, Mozambique, Ethiopia, Rwanda, Mali, Guinea, Togo, Ghana, Zimbabwe, Angola and Cameroon.
- Tractor Assembly Plants in Mali, Chad and Benin.
